ELECTRONICS AND COMMUNICATION ENGINEERING DEPARTMENT

INITIATIVES RELATED TO INDUSTRY INTERNSHIP/SUMMER TRAINING

Industrial Training:

The student has to execute a project work preferably at industry/R&D institution. Oral assessment about the industrial exposure obtained by the students has been made in the immediate next semester. The industrial training is assessed by internal examiners through presentation and viva- voce.

Implementation details and impact analysis:

- i. The placement cell will facilitate and monitor the student's internship program.
- ii. The Department/Placement cell will strongly encourage students to undergo Internship during vacation.
- iii. The student shall make a midterm presentation of the activities undertaken during the internship to a panel comprising internship guide, a senior faculty from the Department and Head of the Department.
- iv. The student has to submit internship report to the Department.
- v. Effectiveness of this process is analyzed through feedback from the student's through their performance in examinations/Viva-Voce, from the Alumni and Industries etc. Feedback from Industries is used for the improvement in training for further batches.

Percentage of students who opted for training in government and private places and summary report of session wise industrial training is listed below

Year	% of Student opted Training Place		
	Govt	PSU	Private
2018-19	74.8%	12.6%	12.6%
2017-18	74.5%	15.5%	10%
2016-17	64.5%	24.5%	10%
2015-16	61.5%	21.5%	18%

Feedback and Impact Analysis: Effectiveness of this process is analyzed through feedback from the students, through their performance in examinations/ Viva-voce, from the Alumni, from Industries etc. Feedback from Industries is used for the improvement in training for further batches.
