

Dr. APJ Abdul Kalam Technical University Lucknow, Uttar Pradesh

Department of Electronics & Communication Engineering

WELCOMES

**CHAIRMAN AND MEMBERS OF EXPERT COMMITTEE
National Assessment & Accreditation Council (NAAC)**

Date: 17, 18 & 19 June, 2025

Presented By

Prof. Subodh Wairya

Head of Department

**Electronics & Communication Engineering
Institute of Engineering & Technology, Lucknow**

Department Overview

- Established in year 1984

ECD Magazine-2024-25

Programs Running

- ❖ B.Tech in Electronics & Communication Engineering
- ❖ M.Tech in Microelectronics

ECD has been NBA Accredited for 6 Years as 2019-2022 (September) and 2022-2025 (September)

- ❖ Total students: 288 (74+79+64+71)
 - ❖ Sanctioned Intake: 60 (B. Tech.) & 15 (M. Tech.)
 - ❖ Faculty Strength: 12
- Faculties are engaged in theory, Practical, and Lecture videos

IN LAST FIVE YEARS FACULTY ACHIEVEMENTS

- Total 12 PhD awarded
- 20- PhD ongoing and 5-PhD Permitted for thesis writing by RDC
- More than 300 Research Publications by the department faculties with 5332 citations, 129 h-index, and 140 i-10.
- 55 FDPs attended by Faculties and Research Scholars

RESEARCH PROJECTS

04 Research project have been awarded To Dr. Rajiv Kumar Singh (Assistant Professor)

Department Overview

VISION OF DEPARTMENT

To produce manpower in the field of Electronics and Communication Engineering, capable to compete with that elsewhere and to make the department a center of excellence in the field of Signal Processing and Microelectronics.

MISSION OF DEPARTMENT

- M1: To develop the ability among students and understand concepts of core graduate electronics and communication engineering.**
- M2: To create center of Excellence to meet global research and development challenges.**
- M3: To build student community with professional and ethical standards in thrust areas so as to meet industry requirements.**

Department Overview

List of Faculties in the Electronics and Communication Department, IET Lucknow

Name	Designation
Dr. Subodh Wairya	Professor & HOD
Dr. Neelam Srivastava	Professor
Dr. Ram Chandra Singh Chauhan	Associate Professor
Er. Amit Kumar	Assistant Professor
Dr. Rajiv Kumar Singh	Assistant Professor
Dr. Divya Sharma	Assistant Professor (Contractual)
Er. Anurag Yadav	Assistant Professor (Contractual)
Dr. Abhishek	Guest Faculty
Dr. Narendra Pal	Guest Faculty
Dr. Roopali Agrawal	Guest Faculty
Er. Shahneela Jamal Kidwai	Guest Faculty
Er. Km Kanchan	Guest Faculty

Department Overview

- Department have total 15 Labs
- 7 Lecture Rooms
- Conference Hall
- Seminar Hall

- Departmental Library
- Faculty Meeting Room
- Faculty and Research Scholar Rooms

LIST OF LABORATORY

- Basic Electronics Engineering Lab
- Network Analysis And Synthesis Lab
- Microprocessor & Microcontroller Lab
- Instrumentation And Sensor Lab
- Project Lab
- Industrial Instrumentation Lab
- Computer Aided Design Lab
- Digital System Design Lab
- Communication Engineering Lab
- Analog Electronics Lab
- Microwave Engineering
- Antenna Design Lab
- Digital Signal Processing Lab
- Analog Signal Processing Lab
- VLSI Design Lab

Computing Infrastructure

- A sufficient number of computers with high-speed internet.
- Connected to the Institute **Mbps Network via optical fiber**

Hardware Specifications

- Computer systems with **Intel i5 and i7** processors.

Licensed Software Provided

- MATLAB R2024b
- Cadence Virtuoso Tools 6.1.8 License for 10 users
- Xilinx 14.7

Development Environments

- MS Visual Studio, .NET
- Visual Prolog
- MS Office Developer Suite

Power Backup

- 10KVA/5 KVA (UPS) power support for labs and offices.

Department Overview

IEEE CHAPTER, SOCIETY AND CLUB of ECD

IEEE STUDENT BRANCH STB62961

The IEEE Student Branch is a vibrant hub of technological enthusiasm and professional development with the vision of advancing technology for humanity; the branch actively engages students in meaningful activities beyond the classroom.

IEEE WIE AFFINITY GROUP SBA62961

The WIE Affinity Group aims to create a supportive ecosystem where female students can learn, lead, and grow. It focuses on mentorship, technical skill-building, and inspiring the next generation of women in engineering.

SOCIETY FOR ELECTRONICS EXPLORATION & DEVELOPMENT (SEED)

SEED society was established in 2014 by ECE department for developing a comprehensive approach towards the learning of robotics and advanced circuitry.

ROBOTICS CLUB

The Robotics Club was established in 2017 to inspire and enable students to explore their creativity and engineering skills through robotics; in a fun and competitive atmosphere that teaches them both technical skills, teamwork and leadership.

ALUMNI Nominated as BOS Member of ECD, IET Lucknow

1. Prof. Dinesh Kumar
Electronics Department, Jamia Millia
Islamia, New Delhi

2. Er. Janardan Pandey
(Btech, EC 2002)
SOC, Architect, Intel Bangalore

EXPERT LECTURE BY ALUMNI

Topic: Navigating the Future Trends in India's Aerospace and Defence Industry

Speaker: Er. Ram Parvesh

Position: Deputy General Manager (DGM) at BEL

Alumni: B.Tech. ECE Branch, Year 2002

Er. Parvesh's lecture was a panoramic view of the evolving landscape of India's Aerospace and Defense Industries. He began by highlighting the historical context and then seamlessly transitioned into the current trends and future trajectories. The session covered advancements in technology, strategic considerations, and the role of innovation in shaping the destiny of the crucial sectors. Attendees were captivated by Er. Parvesh's ability to simplify complex concepts while addressing the intricacies of the industries. The interactive Q&A session that followed allowed participants to delve deeper into specific areas of interest, making the lecture a comprehensive exploration of the future of aerospace and defense in India.

Department Overview

EXPERT LECTURE BY ALUMNI

Topic: Personality Development for Placement
EXPERT LECTURE

Speaker: Er. Ankur Saini

Position: Vice President of Sales at FLEEK IT Solutions

Alumni: B.Tech. EIE Branch, Year 2002

Er. Saini's session was more than a lecture; it was a journey through his own experiences and learnings in the corporate world. His engaging discourse delved into the nuances of personality development that go beyond the conventional realms of academia. Drawing from his extensive background in sales, Er. Saini emphasized the significance of holistic personal growth in the context of career placement. His insights into effective communication, professional demeanor, and the art of networking resonated with the audience. The session provided a roadmap for students and young professionals to navigate the competitive landscape of job placements successfully.

EXPERT LECTURE BY ALUMNI

Topic: Personality Development for Placement

Er. Gaurav Dixit

Position: Service Delivery Manager at Lefdal Mine Data Centre, Europe

Alumni: BTech ECE Branch, Year 2012

Topic: AI, ML & Cloud Computing

Er. Dixit commenced his lecture by providing a contextual understanding of artificial intelligence(AI), machine learning (ML), and cloud computing. He seamlessly navigated through the intricacies of these technologies, illustrating real-world applications and their impact on the modern business landscape. His session became a captivating exploration of the fusion of AI, ML, and cloud computing, showcasing the potential to revolutionize industries and redefine how data is managed and utilized. The practical insights Er. Dixit shares were complemented by case studies and examples, offering a glimpse into the dynamic future that these technologies herald.

EXPERT LECTURE BY ALUMNI

Chandrayan Chronicles: Insights from the ISRO Scientist's Talk

Speaker: Mr. Ritesh Sharma, Deputy Project Director Space Application Center, ISRO

Alumni: B.Tech. ECE, Year 2003

Speaker: Mr. Ritesh Sharma, Deputy Project Director Space Application Center, ISRO Alumni: B.Tech. ECE, Year 2003, Chandrayan Chronicles The Department had the honor of hosting an expert talk titled “Insights from the ISRO Scientist”, delivered by Mr. Ritesh Sharma, Deputy Project Director at the Space Applications Centre (SAC), ISRO. The session attracted a large audience, including students, faculty members, and space enthusiasts, eager to learn about India’s growing space capabilities and ISRO’s significant contributions. Mr. Sharma began his address by offering an overview of ISRO's mission, vision, and recent milestones. He emphasized ISRO’s focus on using space technology for the benefit of society—aligning with national development goals in areas like communication, agriculture, weather forecasting, and disaster management.

STUDENT RECOGNITION

SMART STARTUP (INNOVATION) 2023

DPIIT-recognized-Registered under Startup India, Awarded by the Hon'ble Governor of Uttar Pradesh as the **Best Women-led Startup, While Network Private Limited**, established in 2023, is an innovative DPIIT-recognized startup that is reshaping the future of social media with a unique focus on knowledge sharing and mental growth.

SMART STARTUP (INNOVATION) 2024

RedLinear Automation Pvt. Ltd. is a robotics startup focused on building scalable, intelligent Autonomous Mobile Robots (AMRs) designed specifically for Indian environments. Our team recently participated in the prestigious Navonmesh AIda 24-hour Hackathon, where we proudly secured **1st place among 280 teams**. The students of EC Department, IET LUCKNOW Ankit and Anurag of Btech Final year have **honored to receive the prize of INR 51,000 directly from the Honorable Governor of Uttar Pradesh**. This recognition was a testament to their impact in the field of robotics and AI.

Criteria 1- Curricular Aspects

Courses Aligned With National needs/Global needs

Electronics Devices & Circuits, Fundamentals of Electronics Engineering, Electronics Devices & Circuits, Digital Logic Design, Electromagnetic Field Theory & Wave Propagation, Network Analysis and Synthesis, Signal System, Analog Electronics, Microprocessor & Microcontroller, Antenna Theory and Design, Advance Digital Design using Verilog, Microwave and Radar Engineering

Adoption of Choice Based Credit system in departmental Electives.

Departmental Elective I- (IEC-051, IEC-052, IEC-053, IEC-054)- 3 Credit
Departmental Elective II- (IEC-055, IEC-056, IEC-057, IEC-058)- 3 Credits
Departmental Elective III- (IEC-061, IEC-062, IEC-063, IEC-064)- 3 Credits

Departmental Elective I - 3 Credits

- Digital Signal Processing (IEC-051)
- Industrial Electronics (IEC-052)
- VLSI Technology (IEC-053)
- Advance Digital Design using Verilog (IEC-054)- 3 Credit

Departmental Elective II - 3 Credits

- Optical Communication (IEC-055)
- Advance Semiconductor (IEC-056)
- Device IEC-057 Analog Signal (IEC-057)
- Designing with ASIC (IEC-058)

Departmental Elective III- - 3 Credits

- Microcontroller & Embedded System Design (IEC-061)
- Satellite Communication (IEC-062)
- Data Communication Networks (IEC-063)
- Antenna Theory and Design (IEC-064)

Departmental Elective IV- (KEC-071, KEC-072, KEC-073, KEC-074)- 3 Credits
Departmental Elective V- (KEC-075, KEC-076, KEC-077, KEC-078)- 3 Credits

Departmental Elective IV- 3 Credits

- Digital Image Processing (KEC-071)
- VLSI Design (KEC-072)
- Optical Network (KEC-073)
- Microwave & Radar Engineering (KEC-074)

Departmental Elective V- 3 Credits

- Information Theory & Coding (KEC-075)
- Wireless & Mobile Communication (KEC-076),
- Micro & Smart Systems (KEC-077)
- Speech Processing (KEC-078)

Criteria 1- Curricular Aspects

Interdisciplinary Subjects included in syllabus as Open Electives

Inter-Departmental Elective Courses (2nd Year)

- IOE035/ IOE045 Sensor & Instrumentation
- IOE038/ IOE048 Communication Engineering
- IOE039/ IOE049 Analog Electronics Circuits

Open Elective I (3rd Year)

- KOE063 Introduction to MEMS
- KOE062 Embedded System
- KOE066 GIS & Remote Sensing

Open Elective II (Final Year)

- KOE 071 Filter Design

Open Elective III (Final Year)

- KOE-082 Bio medical signal processing

Open Elective IV (Final Year)

- KOE-092 Computerized Process Control
- KOE-095 Modeling Of Field-Effect Nano Devices

Student feedback for Vision, Mission , POs, PSOs and PEOs are taken, Course Exit Survey

Criteria 2- Teaching-Learning & Evaluation

- Smart Classrooms Available
- Focuses on learning through live examples in classrooms
- Mini Projects introduced in every Semester for project based Learning.

- Recorded Lectures available by AKTU on YouTube.
[AKTU Video Lecture series](#)

- Virtual Lab available on AKTU website.
[Virtual Lab](#)

Modern Teaching and Learning Space with Integrated Digital and Traditional Tool

- Outcome Based Education followed, CO are properly mapped with PO for every Subject
- Mentoring System Followed by assigning a faculty mentor to every student and proper guidance and timely mentoring is provided to every student.
- On the basis of Class Tests and End Semester Exams, Students are sorted who require remedial classes for respective subjects and proper remedial classes are arranged by subject faculties

Criteria 2- Teaching-Learning & Evaluation

ECD has distinguish the slow and Fast learners and mentor them accordingly as per following steps:-

Slow Learners:

Slow learners are students who require more time and support to grasp concepts compared to their peers. They may struggle with understanding, retaining, or applying academic content due to various factors like learning gaps, lack of foundational knowledge, or personal challenges.

Institutional Support for Slow Learners-

- Remedial classes or bridge courses
- Personalized mentoring and academic counseling
- Extra tutorial sessions and simplified study materials
- Use of bilingual explanations or visual aids
- Peer-assisted learning or buddy support systems

Fast Learners:

Fast learners are students who grasp new concepts quickly, often ahead of the curriculum pace. They usually demonstrate higher analytical skills, curiosity, and academic excellence.

Institutional Support for Fast Learners-

- Advanced learning modules or honors programs
- Involvement in research projects and innovation cells
- Opportunities for MOOCs/NPTEL courses
- Encouragement to participate in seminars, hackathons, and competitions
- Leadership roles in academic or co-curricular activities

Criteria 2- Teaching-Learning & Evaluation

1. **Participative Learning:** This method involves active engagement of students in the learning process through discussions, group work, peer teaching, and collaborative activities.
2. **Differential Learning:** Differential learning refers to tailoring instructional methods, content, and pace to meet the diverse needs, skills, and learning styles of individual students.
3. **Experiential Learning:** This is a hands-on, learning-by-doing approach where students gain knowledge and skills through direct experiences, such as simulations, fieldwork, internships, or laboratory activities.
4. **Problem-Solving Method:** This method focuses on developing learners' ability to analyze and solve real-world problems.

Participative Learning Method

Differential learning

Experiential Learning

Criteria 2- Teaching-Learning & Evaluation

Personalized Counselling for psychological issues

Problem-Solving Method

Case Study

Student Name - Md. Altamash
Roll No. - 200052032001

ECD bring to attention some psychological issues that our student, Md. Altamash (200052032001) is the student of Electronics and Instrumentation who is currently facing, as it might impact his academic performance. It is crucial for us to collaborate and provide the necessary support to ensure the best possible outcome for the student. To ensure the best output from Altamash, we have taken several steps some of those following steps are as displayed.

NPTEL STARS

Total **150 NPTEL courses** have been successfully completed by Faculty/ Student in last five year

Recognition of Excellence: Two Faculties of ECD **Dr. Abhishek** and **Er. Anurag Yadav** Honored as NPTEL STARS

EC department of IET LUCKNOW are delighted to announce that Dr. Abhishek (Faculty) and Er. Anurag Yadav (Faculty and Ph.D. Scholar), and Prashant Yadav (B.tech Student) have been conferred the prestigious NPTEL STAR award under the NPTEL BELIEVERS category.

This recognition is a testament to their unwavering commitment to lifelong learning and their active participation in online education through the National Programme on Technology Enhanced Learning (NPTEL)—an initiative by the Government of India under the Ministry of Education.

The NPTEL Their achievement is not only a personal milestone but also a moment of pride for the entire institution. It highlights the role of educators who go beyond traditional classrooms to adopt digital platforms, fostering a culture of innovation and knowledge-sharing.

Recognition of Excellence: Dr. Abhishek and Prashant Yadav Honored as NPTEL STARS

The Department of Electronics and Communication Engineering (EC) at Institute of Engineering and Technology (IET), Lucknow, is delighted to share a moment of great pride and academic excellence. Dr. Abhishek, serving as a Faculty in EC department, and Mr. Prashant Yadav, a dedicated B.Tech student, have been honored as in the distinguished category **NPTEL STARS of NPTEL Enthusiasts**.

This recognition, awarded by the National Programme on Technology Enhanced Learning (NPTEL)—an initiative of the Ministry of Education, Government of India—acknowledges individuals who have shown an exceptional level of engagement and passion for learning through NPTEL's online courses.

बी.टेक. की पढ़ाई के लिए दिया प्लेटफॉर्म

आज बहुत से छात्र-छात्राएं पढ़ने के लिए यूट्यूब पर सर्च करते हैं। जैसे ही वह यूट्यूब खोलते हैं, कई तरह के वीडियो उनके सामने खुल जाते हैं। कई बार वह इससे भटक जाते हैं। इसकी वजह से वह अपने विषय तक नहीं पहुंच पाते। इस तरह की समस्या का समाधान आराधना कनौजिया ने अपने स्टार्टअप 'वाइल नेटवर्क' से दिया है। इसके लिए उन्हें बेस्ट युवक लीड स्टार्टअप अवॉर्ड मिला। इंस्टीट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी लखनऊ की बी.टेक. की छात्रा आराधना कनौजिया ने अपने स्टार्टअप वाइल नेटवर्क प्राइवेट लिमिटेड से रजिस्टर्ड किया है। इस प्लेटफॉर्म पर उन्होंने

आराधना कनौजिया

बी.टेक. के छात्रों को पढ़ने के लिए कंटेंट उपलब्ध कराया है, जो पूरी तरह से निःशुल्क है। इस प्लेटफॉर्म से बिना किसी भटकाव के छात्र अपने विषय से संबंधित वीडियो तक पहुंच जाते हैं। इससे उनका समय बचता है। अभी यह प्लेटफॉर्म केवल बी.टेक. के छात्रों को फोकस करके तैयार किया गया है। आराधना ने इसके प्रोटोटाइप का फरवरी 2023 में रजिस्ट्रेशन कराया। हार्डवेयर से लेकर साफ्टवेयर की सभी समस्याओं को यहां समाधान मिलता है। इसके अलावा यदि कोई रियल लाइफ में प्रॉब्लम फेस कर रहा है, तो इस प्लेटफॉर्म के माध्यम से सीधे विशेषज्ञ से संपर्क करने की सुविधा भी है।

RedLinear Automation Pvt. Ltd. is a robotics startup focused on building scalable, intelligent Autonomous Mobile Robots (AMRs) designed specifically for Indian environments. At RedLinear, the students integrated SLAM-based navigation, AI-powered perception, and in-house developed hardware and software into a unified full-stack platform. The robots are engineered for dynamic, real-world applications such as restaurants, warehouses, and public service environments.

Our team recently participated in the prestigious Navonmesh AIda 24-hour Hackathon, where we proudly secured **1st place among 280 teams**. The students of EC Department, IET LUCKNOW Ankit and Anurag of Btech Final year have **honored to receive the prize of INR 51,000 directly from the Honorable Governor of Uttar Pradesh**. World Environment Day 2025 Celebration at IET Lucknow

On the occasion of *World Environment Day 2025*, the IEEE Student Branch STB62961 and IETE Lucknow Centre jointly organized an awareness event at the Institute of Engineering and Technology (IET), Lucknow. The theme for this year is “*End Plastic Pollution*”, emphasizing global action to combat one of the most pressing environmental challenges.

The event was inaugurated by Prof. Vineet Kansal, Director, IET Lucknow, who stressed the importance of institutional efforts in environmental conservation. Prof. Subodh Wairya, Head of the ECE Department, highlighted how technology and sustainable innovation can be merged for eco-friendly outcomes. Prof. Neelam Srivastava, IETE Vice Chair and IEEE Branch Counselor, and Dr. Arun Kumar Singh, Chairman, IETE Lucknow Centre, shared their views on interdisciplinary collaboration to address environmental degradation.
